Kandukur, Andhra Pradesh

Objective

Final-year B.Tech student specializing in Artificial Intelligence and Machine Learning with strong coding skills in Java, Python, and SQL. Experienced in web development, data analytics, and dashboard creation. Adept at building responsive, scalable applications and delivering measurable results. Passionate about leveraging technology to solve real-world challenges

Technical Skills

Languages: Java, Python, C, JavaScript
Web: HTML, CSS ,BootStrap , WordPress(basics)
Databases: MySQL, MongoDB
Tools: Tableau, Git, GitHub, Excel
Soft Skills: Teamwork, Leadership, Problem-Solving ,Attention to Detail

Education

B.Tech – CSE (AI & ML), RISE Krishna Sai Prakasam Group of Institutions, Ongole   2022 – Present
CGPA: 7.2

Intermediate (MPC), Sri Gayatri Jr. College, Kandukur   2020 – 2022
Score: 82.8%

Internship

Intern – APSCHE   May 2025

- Developed interactive, responsive websites using HTML, CSS, JavaScript, improving usability and reducing bounce rates.

- Designed and deployed Tableau dashboards to visualize business metrics, cutting reporting time by 40

- Managed datasets and implemented MySQL CRUD operations for efficient data handling.

Projects

Personal Portfolio Website — HTML, CSS, JavaScript, AOS.js   June 2024
Created a mobile-friendly portfolio with animations to showcase skills and projects, improving visitor engagement by 30

Python GUI Calculator — Tkinter   June 2024
Built a lightweight calculator with full mouse and keyboard support, enhancing usability for quick calculations.

Certifications

- National Level STTP on Java Full Stack with React JS & AI – Brainovision Solutions (Dec 2024)

- Full Stack Java – ExcelR

- AI-ML Virtual Internship – EduSkills

Core Strengths

- Quick learner with strong fundamentals in programming and design

- Skilled in both frontend UI development and data analytics

- Capable of delivering clean, maintainable code aligned with industry best practices
